**To Whom It May Concern:**

**My family and I had our roof replaced by Steel Roofing Systems in the summer of 2008. We were very pleased with the work performed by the crew. Mr. Watters was always just a phone call away to answer any questions that might arise.**

**On Mr. Watter's initial visit to our home, he thoroughly explained the process and the pro's and con's of different types of roofing systems. What was nice was that he was able to back up all that he had to offer with pictures of previous jobs, referrals and written articles. I was especially pleased that he did not hire sub-contractors to do the labor. His crew was responsible, hard working and genuinely good people. I had no concerns about them at all. It was obvious that they were well experienced at what they do.**

**It is with sincerity that I would refer my friends and family to Mr. Watter's and Steel Roofing Systems. It is reassuring to know that if we need him in the future he has shown that he is willing to back up his work. He is a man of integrity and forthright honesty.**

**Most Sincerely,**
