Steel Roofing Systems 112
112 Commercial Ct., #25
Santa Rosa, CA 95407

Dear Bob,

MY HOUSE IS THE TALK OF THE NEIGHBORHOOD!!!!!! The roof is gorgeous and I'm receiving compliments everyday. Your company did an excellent job and all of your employees were professional, polite and courteous. I was extremely impressed with George when we had issues with the backyard patio cover attached to the existing roof. He was trying to determine how to replace it without nailing in on to the new roof. He went home that evening, and I'm sure thought about it all night, arrived the following morning with the solution...even going as far as recommending that I take a look at it by 2:00pm that day to make sure I was happy with the finished look. If it wasn't what I expected he was more than willing to tear it down and start over. WOW!!

As you are aware, my neighbor was having a comp roof installed the exact same time as you were installing our roof. Even she is more impressed with the quality, installation, and professionalism that your employees provided than her contractor.

I will highly recommend Steel Roofing Systems to anyone and everyone!! What a comfortable feeling knowing that you have a fire safe roof.

Thank you for the extra attention in explaining the process thoroughly. It is very much appreciated.

Sincerely
Doris Manning
