SRS Roofing Inc.

Dear Joel,

How sweet it is! This letter is to let you know that Mila and myself are very please to the turn out and new-looks of our house after SRS installed the steel rock tile roof. We are more than happy it's because of your professional presentation. You pointed to us inch by inch every detail we wanted to know. You educated our doubts, and patiently helped us making up our decision, which we're glad we did.

Our house looks incredibly great, and it stands out other roofs. Steel rock tile roof gives us worry-free and peace of mind from fire, high winds and storms. But not let it forget, it raises up also the home value. We thank you so much for coming to our way and doing business with you. Visualize prospective customers from our area as people started to stop and go looking at our house. Several already seek information and surely you're highly recommended. How sweet it is!
