Steel Roofing Systems (SRS) 75
Executive Avenue, Suite #13
Rohnert Park, CA 94928

My wife, Carol, and I wish to thank SRS for our great Metro Shake steel roof that was recently completed. Their professionalism of installation was matched by their friendliness, courtesy and attention to detail, throughout the job.

Bob and Steve Watters, of SRS, and their working crews are to be congratulated for a job well done and we can heartily recommend this roofing company to anyone contemplating re-roofing, now or in the future.

Sincerely,

Michael Gautier
