Dear Bob:

Who would have believed you could install a roof, the size of ours in 4 days?!

Your crew was professional and experienced. Thank you for keeping the mess to a minimum. You and Steve should be complimented on fulfilling every promise. Your sales talk wasn't an exaggeration. Our neighbors have said, "Sure like your roof". One said, "Wish I could do mine over with SRS".

Thank you again for a beautiful job. You made a big difference to the eye of the beholder! Arva Lynn and I wish you well and much success!

Sincerely yours,

Stan Spicer
